

HIGH QUALITY, LCD MONITOR HEAD

The 29LM081E61MY series of LCD monitor heads has been designed for industrial applications that require a compact SVGA compatible monitor with good viewability. It is constructed from painted aluminium, making it lightweight with good rigidity. VESA fixings at the rear make it easy for wall mounting or use with ergo arms. Side and/or top fixing brackets are also available. A touch screen can also be easily integrated into the display.

SOLUTIONS FOR MONITOR HEADS

- > **Vesa standard fixings for ergo arm**
VESA fixings at the rear making it easy for wall mounting or use with ergo arms.
- > **Optional touch screen facility**
A touch screen can be integrated into the monitor
- > **Inputs**
All monitors have 15-D connectors
- > **Rugged metal construction with good stability**
The LCD monitor has been designed with solidity, being housed in a compact metal construction with a toughened glass protection screen.

8.4" LCD HEAD MONITOR
